1. School profile:

Tarwin Lower Primary School is situated 167 km South East of Melbourne in South Gippsland. The school population is drawn from a wide coastal and rural area encompassing Venus Bay, Walkerville and Tarwin Lower. Eighty percent of the students travel by school bus. Our current enrolment is at approximately 40 students.

Tarwin Lower Primary operates three classrooms and maintains a well-stocked library. We have an Art room that also serves as a multi-purpose room and contains a kitchen area used to prepare lunches and supports a kitchen garden program. We have a Music room with a variety of musical instruments. The vast play area is situated in an attractive setting of many native and deciduous trees and garden beds which have been planted by our parents and students. Our vegetable patch is maintained by the students and our school gardener.

At Tarwin Lower Primary School, we have a range of students from diverse socio-economic backgrounds, (where socio-economic refers to family income, education, occupation and wealth). The vast majority of our students speak English at home. Our students come from a wide range of family units, including single parents, stepfamilies, blended families, nuclear families, foster care, extended family care etc. Students enrolled at our school have come to us from a number of different Pre-schools in the district, none of which is in Tarwin Lower.

Students enjoy a curriculum that explicitly and successfully teaches fundamental skills in authentic, inclusive and challenging contexts. At Tarwin Lower Primary we believe that education should be engaging and authentic and our classroom programs reflect this by embedding learning in a rich and purposeful educational experiences that develop and apply strong literacy and numeracy skills within and beyond the classroom.

The school offers a range of one hour specialist classes; art, music, library, ICT, Indonesian and Physical Education. We encourage students to take on leadership roles and play an active part in their school and community.

Student safety, mental health and connectedness to peers is strong due to ongoing social programs conducted in the school such as weekly whole school KidsMatter lessons. The values of our school community are Kindness, Cooperation, Resilience and Respect. They underpin all the interactions we have at school.

2. School values, philosophy and vision

Our school is committed to providing a safe, secure and stimulating learning environment for all students. Students can reach their full educational potential only when they are happy, healthy and safe, and when there is a positive school culture to engage and support them in their learning. Our school acknowledges that student wellbeing and student learning outcomes are inextricably linked.

Our school is also committed to implementing the Kids Matter, which is a mental health and wellbeing framework,

Our philosophy:

Every member of the school community has a right to fully participate in an educational environment that is safe, supportive and inclusive.

Our vision:

All students are confident, curious learners who feel supported and able to meet the challenges at school and beyond.

Our values: *Kindness, Cooperation, Resilience, Respect*

A statement about the rights and responsibilities of all students and school staff is included at **Appendix 1**.

3. Guiding principles

The Tarwin Lower Primary School Community is committed to providing a safe, positive, challenging and engaging learning environment that is relevant to the students. We believe that everyone can be successful in a variety of curriculum areas.

Every member of the school community has a right to fully participate in an educational environment that is safe, supportive and inclusive. Everyone deserves to be treated with respect and dignity.

The rights and responsibilities of all members of the Tarwin Lower Primary School community need to take the following legislation into consideration; the Equal Opportunity Act 1995, the Charter of Human Rights and Responsibilities 2006, the Disability Discrimination Act 1992 and the Education and Training Reform Act 2006.

4. Engagement Strategies

To realise our vision, our school has in place a range of strategies to promote engagement, positive behaviour and respectful relationships for all students in the school. We recognise that some students, as a group or as individuals may need extra social, emotional or educational support to flourish at school, and so we will put in place strategies to identify these students and provide them with the support they need.

The School works collaboratively with students and parents/carers to establish fair and respectful behaviour policies and practices, based on the school's values, expected social competencies and positive peer relationships. There are also intervention strategies in place to address inappropriate behaviours which can negatively impact the learning environment of the self and others.

The universal (whole-school), targeted (group-specific) and individual engagement strategies used in our school are outlined in **Appendix 2**.

5. Identifying students in need of extra support

Our school will utilise the following information and tools identify students in need of extra support using the following strategies:

- Personal information gathered upon enrolment
- School Entry Health Questionnaire
- Preschool Transition Statements
- Attendance rates
- Academic performance, particularly in literacy and numeracy assessments
- Behaviour observed by classroom teachers
- Student Mapping Tool

- Engagement with student families

6. Behavioural expectations

Shared behaviour expectations for students, parents/carers and school staff are detailed in **Appendix 3**.

7. School actions

Responding to challenging behaviour

Where a student acts in breach of the behaviour standards of our school community, we will institute a staged response, as outlined in the Department of Education and Early Childhood Development Student Engagement and Inclusion Guidance (see **Appendix 4**).

Discipline

Disciplinary measures may be used as part of a staged response to challenging behaviour in combination with other engagement and support strategies to address the range of factors that may have contributed to the student's behaviour.

Disciplinary measures that may be applied include:

- Restorative approach (eg repairing damage caused)
- Withdrawal of privileges
- Withdrawal from class activities for a specified period. Where appropriate, parents/carers will be informed of such withdrawals
- Detention
- Suspension (in-school and out of school)
- Expulsion

Discipline will be applied in a way that is proportionate to the behaviour and upholds procedural fairness. We will follow Tarwin Lower Primary's School Wide Positive Behaviour Plan.

Corporal Punishment is prohibited in all Victorian schools. Corporal punishment must NOT be used at the School under any circumstances.

Suspension and expulsion are measures of last resort and may only be applied when the grounds for suspension and expulsion set out in the Engagement and Inclusion Guidance have been met.

Suspension and expulsion can only be approved by the principal and our school will follow the processes for applying these disciplinary measures set out in the Student Engagement and Inclusion Guidance.

Information on grounds and processes for suspension and expulsion that our school will follow are available here: <http://www.education.vic.gov.au/school/principals/participation/Pages/discipline.aspx>

8. Engaging with families

The School values parent/carer input into its operations and curriculum offerings and seeks feedback through the Parent Opinion survey, and from parent representatives on School Council. The School Council provides financial assistance and encouragement to the Parents' Association in our efforts to build a sense of community.

The school will support families to engage in their child's learning and build their capacity as active learners. It provides an environment that welcomes all parents/carers and is responsive to them as partners in learning.

The school will create successful partnerships with parents/carers and families by:

- ensuring all parents/carers are aware of the school's Student Engagement Policy
- conducting effective school-to-home and home-to-school communications
- providing volunteer opportunities to enable parents/carers and students to contribute (following the Child Safe Standards)
- involving families with homework and other curriculum-related activities
- involving families as participants in school decision-making
- coordinating resources and services from the community for families, students and the school
- involving families in Student Support Groups

Parents responsibilities for supporting their child's attendance and engagement are outlined at **Appendix 3**. Furthermore, parents are expected to act in a respectful and constructive manner when dealing with our school. More detail on parent responsibilities and consequences for inappropriate behaviour are outlined in our Statement of Values Appendix

9. Evaluation

Data collection and analysis

Data will be collected regarding frequency and types of wellbeing issues, to measure the success or otherwise of school-based strategies and approaches.

Some of sources of data used are:

- the Attitudes to School Survey data
- school level report data
- parent survey data
- data from case management work with students
- data extracted from software such as CASES21 or SOCS
